Republic Centrifugal Blower Retro-Kits

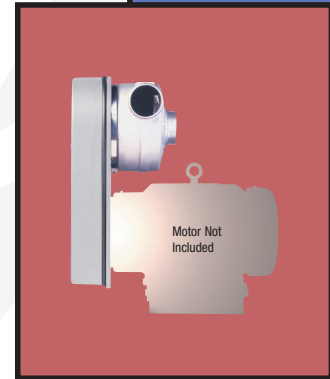

Upgrade your existing centrifugal blower system with a Republic Retro-Kit Blower. The Retro-Kit blower offers a **NEW** blower assembly with automatic belt tension and a 12-month warranty. Save money by using your existing motor and filter with a more efficient, more reliable Republic blower.

The Republic Retro-Kit Blower, available in 800 and 1200 models, is designed with advanced bearings and seals. Larger bearings also provide longer life for the automatic belt tension assembly. Republic blowers disassemble easily for cleaning and part replacement.

Minimize downtime by upgrading to a Republic Retro-Kit Blower..

... the blower designed to outperform any blower on the market.
